

MULTIMATERIAL DISPLAYS

ARTMATCH
IN EVERY STORE

MISSION

By operating in four EU countries, we can honestly claim that we are an European partner for the retail environment. Regardless of our future expansion, what distinguishes us is our unique and true mission being your reliable business partner.

ARTMATCH operates with a dedicated and skilled team that focuses on helping customers to sell better!

HISTORY

Nearly 20 years of operation may not seem much, but in a young industry it is a respectable age.

Our customers rely on our experience. Through stability in business we created mutual confidence and trust.

This is driving us forward in further supplying dedicated, cost efficient and responsible in-store solutions.

ORGANIZATION

A business is created by the combined effort of many people and ARTMATCH is formed by a myriad of creative individuals.

Yes indeed! We provide production line performance. Our company is constantly upgrading it by investing into machinery, software and logistics. However, our greatest achievement is our team. It is constantly increasing in size year after year. This expands our network ... country by country.

PRINT PRODUCTION

To guarantee the visual identity of your brand, ARTMATCH has strongly invested into the best machines used in the printing industry. Our employees are trained on a regular basis to constantly upgrade their know-how. ARTMATCH provides in-house digital printing, screen printing and offset printing.

Get in touch with our expert team to make the right choice of printing for your promotion.

CORRUGATED DISPLAYS

In their childhood, our designers were making the fastest paper planes. Now, they have refined their skills and are coming up with the most intelligent designs for our cardboard displays.

DISPLAY PRODUCTION

ARTMATCH provides both: design and production of custom displays for retail and brand manufacturers. We aim to optimize the sales space and increase your brand visibility.

We want to help our customers to sell better!
This is our main goal.

PERMANENT DISPLAYS

We employ processing technologies for various raw materials. Let us know if you want to use cardboard, plastics, wood or metal. With our *out-of-the-box* type of thinking, we will bring any idea to life. It is our aim to implement and strategically roll-out your custom product into the market. Trust us! We will get it done for you.

A FAMILY COMPANY

All the displays exhibited are created and built by the guys in our design department with cost conscious minds. They will be delivered in a way that saves maximum of load volume, so transport costs are low.

They are individually packed for a better after-delivery logistics, for easier storage and split deliveries. All the displays are coming with illustrated easy-to-build installation instructions. Our happy team of cool designers is waiting for your challenges.
