# A PHARMACY IN A DISPLAY

## Or finding the cardboard limits

A lot of small and delicate products to show, a premium cosmetic brand, a long lifetime, resilient and still delicate display. This was the customer's inquiry.

The result? Classic, nice shapes, solid and space enough to fit a small pharmacy inside. And a lot of engineering, a lot of small parts to assemble.

## Characteristics:

- All UV digital printed cardboard
- Plastic edge finishing
- 50 kg of load to carry

## PREMIUM DISPLAY

**Grab all the attention your product deserves.**

Our premium displays will transform your product into the superstar of the market. The carefully designed details are giving a special touch both to the display and to your product.

- Made of chipboard 18 mm and clear plexiglass

# FLOATING AMPOULE

## Actually, wrapped in wood

This customer just developed an innovative anti-aging potion and challenged us to build some floating shelves surrounding the luminous center.

The logo looks like it's painted on air, on top. The light comes from everywhere, from inside the shaped wall, from top and under each shelf. Everything was designed for attraction and eye pleasure.

## Characteristics:

- Made of wood
- Plexiglas and a lot of powerful LED units

## SLIM METAL DISPLAY

**Slim down, fit better.**

You can fit your display now in really narrow spaces, and yet you will still generate interest in your products.

### **Characteristics:**

- Made of steel sheet, rectangular steel pipe, PVC foam board
- UV printed

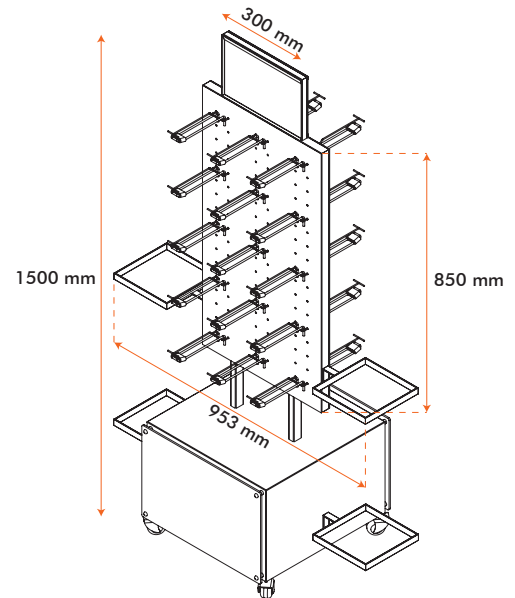

# CLASSIC IS FANTASTIC

Do you have the feeling that you've seen this before too?
