HISTORY

Since 1998, we are providing high quality and cost-efficient solutions for display designs.

Our continuous development based on innovation, consistency, and dedication made us a trustworthy European partner in the retail environment.

MISSION

Creativity and flexibility define us, as we are highly adaptable to our customers needs.

Our main focus is to come up with customised, versatile, and up-to-date solutions that will significantly improve the shopping experience.

We make our customers to sell better.

The question is:

Do You want to sell better?

ROCKET DISPLAY

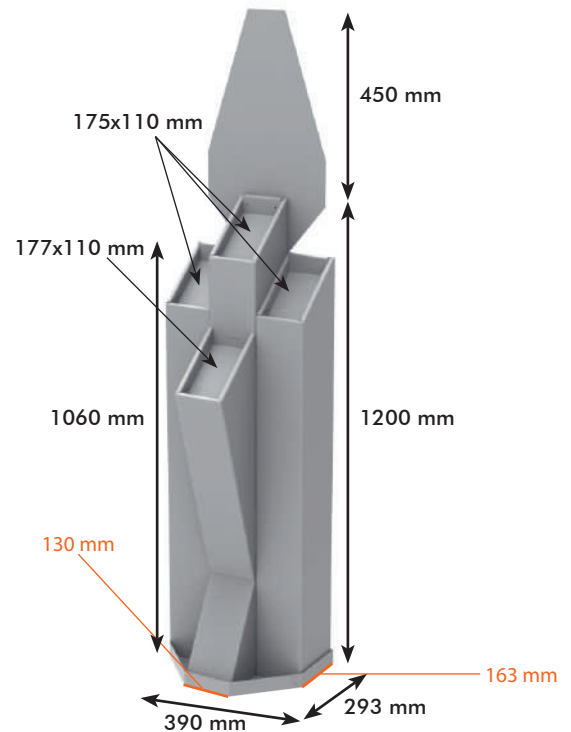

Made in corrugated cardboard

The futuristic design will make you think the shape is created from a Sci-Fi movie. But not. It is about some chewing gum.

An impressive tower, simple but yet aggressive shape, quite complicated inside. A time traveller display is all you need to make your products remarkable.

Features:

- UV digital printed
- Plastic base tray for moisture protection.

KEEP IT CLEAN AND SIMPLE!

With our cardboard presentation

This organizer looks like is showing you some shot-guns in a military environment. Perfect shape just to make the product fully visible and understandable.

You really need to get one and dance with it in your home.

Features:

- Full cardboard
- UV digital printed
- Flat pack delivered
- Very light and stable

WE LOVE CUBES!

Especially those ones made in cardboard

Maybe it's because the cube is a part of our logo. So, we have dedicated our engineers to fit more cubes in a tower. Beers and condoms the perfect match!

We can even ship the cubes flat-pack, if needed.

Features:

- UV digital printed
- Variable sizes and height
- Impressive load capacity

STORYTELLER DISPLAY

With a digital video & sound player

Yes. We have integrated a digital tablet in this display's header. So, when a customer approaches the display, the movie and the music starts to play. A bit shocked and impressed, the customer will grab a Coke (at least) and will hurry up the the cash desk ;-)

Or, he will get a popcorn bag and will watch the full movie...

Features:

- Full corrugated cardboard display,
- UV digital printed
- Integrated motions sensor connected to the video-sound player

CHOCOLATE DISPLAY

Efficiency to the maximum

Tilted shelves so that you don't need to refill the display so often. Merchandising is done using gravity.

Fixing on a Chep pallet, the new standard in logistics in the modern retail. Easy to move, easy to scrap, waste reduced to minimum.

Features:

- Manufactured from corrugated cardboard
- UV digital printing

TRANSFORMERS

And the cardboard cars

Everything begins with the customer's wish: "Let me have a car coming out of a display". So, we did it. And the customer just loved it.

If you do it, too - you might not win that car. But you will get some nice experience working with us. And your customers will get very close to the display with a "Wow!"

Features:

- UV digital printing
- Premium know-how involved

A PHARMACY IN A DISPLAY

Or finding the cardboard limits

A lot of small and delicate products to show, a premium cosmetic brand, a long lifetime, resilient and still delicate display. This was the customer's inquiry.

The result? A piece of furniture resembling a cathedral. Classic, nice shapes, solid and space enough to fit a small pharmacy inside. And a lot of engineering, a lot of small parts to assemble.

Features:

- All UV digital printed cardboard
- Plastic edge finishing
- 50 kg of load to carry

elastic edge coverage

BOAT DISPLAY

Plywood and some nice, exotic beer

Close your eyes, set the sails and you will catch the wind of sales!

The challenge was enormous, to have such a piece of fine design just packed in a flat cartonbox. Finally, it's just a Lego construction, clever and effective.

Features:

- Lasercut plywood
- Minimal material waste
- Flat pack delivered
- Easy to assemble

GOTHIC DISPLAY

As elaborate, as this beer is

Impressive. This was the word used by our customer. And we used so many ideas, materials, technologies for such an outcome.

It looks very attractive in the store, practically you are invited closer to taste the mystery of such a legendary liquor.

Features:

- Structure made of black wood with golden printed plastic strips
- Volume lettering
- LED lighting
- Mat and glossy finishing

FLOATING AMPOULE

Actually, wrapped in wood

This customer just developed an innovative anti-aging potion and challenged us to build some floating shelves surrounding the luminous center.

The logo looks like it's painted on air, on top. The light comes from everywhere, from inside the shaped wall, from top and under each shelf.

Everything was designed for attraction and eye pleasure.

Features:

- Made of wood
- Plexiglas and a lot of powerful LED units

FRESH REFRIGERATION TOWER

For a plant based canned juice

So it looks like our customer was asking: like a vegetable tower. A green island in the middle of the store. Everybody's wondering: are those plants for real? Of course they aren't.

So we already attracted shoppers to approach the tower and feel like trying the taste of the nature. It's only to open the fridge inside and get the liquor.

Features:

- Wood structure covered with plastic imitation of ivy
- Large sized vacuum formed cans on sides and a small refrigerator inside

VODKA LUXURY HIGHLIGHTER

With floating real bottles

Yes, looks like the bottles are floating on a luminous ice cubes arrangement. Like we are facing here the Oscar prize in the premium spirits world.

And we are not so far away: this is really the winner of our luxury displays. Only premium, super glossy materials, a lot of light. Tasting this vodka, you will feel like a part of the Academy Awards.

Features:

- Wooden structure covered with black glossy plexiglas
- Vacuumformed ice and a lot of LED light sources

LUXURY BOTTLE TOWER

For premium retail locations

Let's say you want to highlight your product in a duty free area, where all the top brands are competing for customer's attraction.

So what do you do? Create a huge black (colorless) tower, that is higher than 99,9% of the population. All the shelves illuminated from top and above, top logo illuminated from the inside, all around. Nobody will miss this spot, they will at least approach to check this exotic brand name.

Features:

- Metallic structure covered with black glossy plexiglas
- A lot of LED lighting from the inside

CIGARETTE TOWER

For selected retail environment

Less is more. And here we can prove it. Like the logo and the cigarette brand we are promoting with this structure. So simple and yet, so sophisticated.

The full printed back panel in hi-gloss finishing turns this display into a very effective indoor billboard.

Features:

- Black metal structure
- Black wood composite panel
- Lightened top logo

ENERGY TOWER

Long life like the battery highlighted

This Energy Metal Display will easily fit in any retail narrow corner, and the glossy gold finishing on top will let everybody know what is going on.

Furthermore, the durable structure will take any bump, hit, crash or scratch and will last much longer than all the batteries inside.

Features:

- Black metallic structure
- Solid state printed jacket
- Heavy and stable floor base

PERMANENT CUSTOMIZABLE DISPLAY

For supermarket environment

We produced this tower in metal, so that it's lifetime will be not limited.

Simple parts, to be easily assembled in the retail location, easy to relocate or to dismantle. Not much of a philosophy. But extremely effective.

Features:

- Full metal structure
- Changeable printed logos
- Hooks and shelves in various proportions and positions

SUMMERTIME ISLAND OF JOY

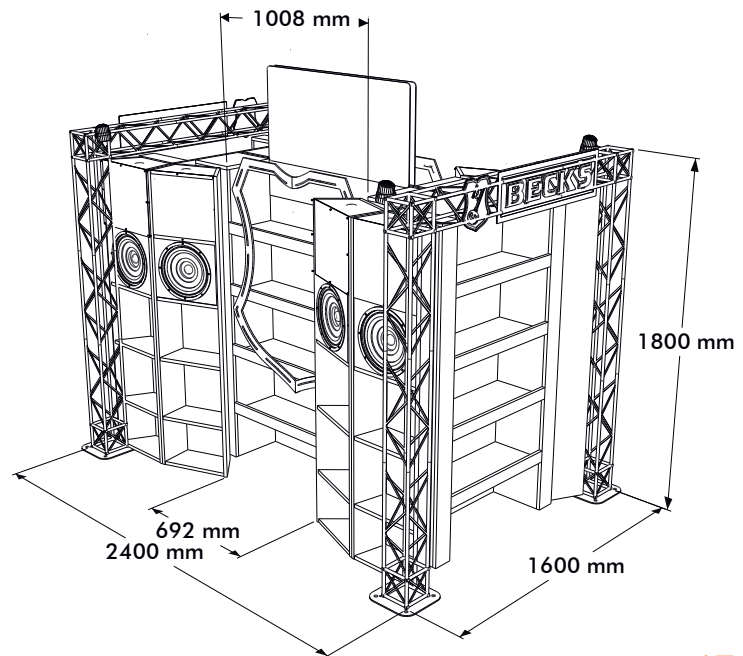

Let's have some concerto fun!

Can you miss an outdoor huge concert, feeling the music vibration together with tens of thousand of fans?

Nobody wants to miss such an event. So we created a miniature stage just for you, our beloved customer. Which looks huge in the hypermarket environment.

Features:

- Top illumination from reflectors
- Mounted on truss structure
- Huge fake loudspeakers
- Coloured headers
- Lightened shelves
- Logos and contours and some spirit of joy ;-)

ROLLING ISLAND FOR HEAVY PROMOTIONS

Created for supermarkets

Easy to move, dismantle, store and install, this heavy duty display is the perfect solution for mobile and versatile end of season promotions.

But the main feature here, remains the huge loading capacity, up to 200 kg in total. Designed mainly for bottled products.

Features:

- Heavy duty metal parts
- Wood decoration

BULK INFRASTRUCTURE

For an overwhelming shopping experience

You have everything here: gravity bins, scoop bins, measuring scale, bags, cups, information, waste bin, bottom servicing drawers, illumination, printed surrounding environment.

This is what we are calling "cutting edge shopfitting".

Features:

- Modular and expandable structure made of metal,
- Composite wood panels,
- Standard food safe bins,
- Printed panels.
- Specific dimensions depending on the store

FLAT PACK DISPLAYS
